

DIGITAL FERMENTOMETER

NEW

MAIN DISPLAY VIEW

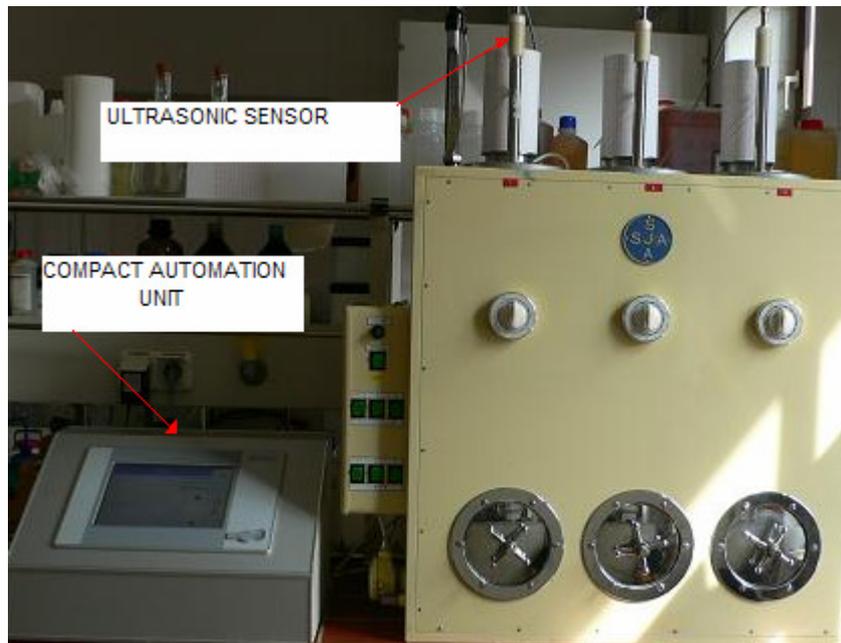

APPLICATION: **Quality testing of Baker's Yeast**

ADVANTAGES:

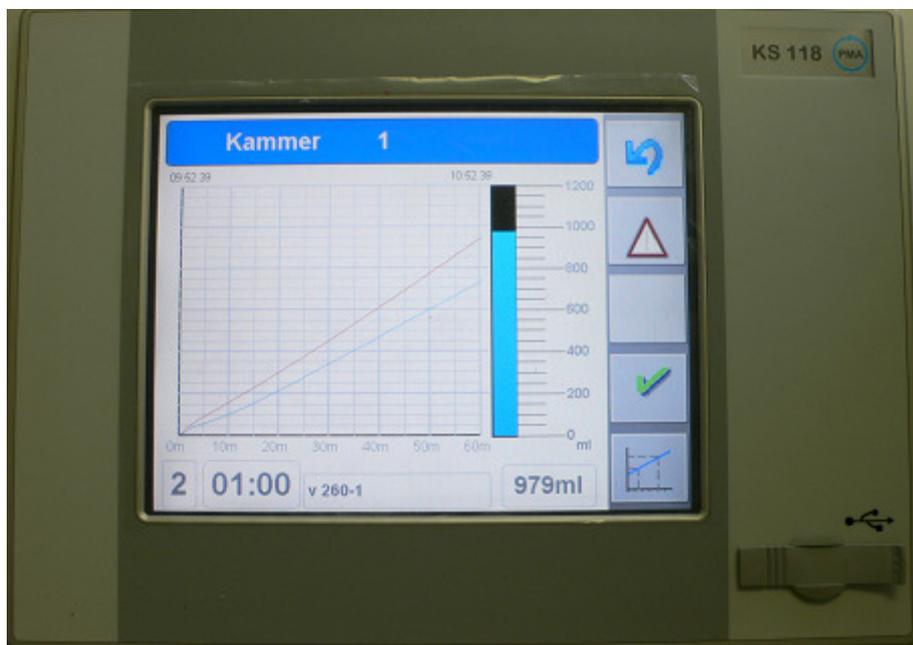

- Easy Add-on equipment to standard SJA fermentograph
- High precision industrial sensing, resolution 0,17 mm, equiv. 1,2 ml
- Full electric / electronic data processing
- Compensation for atmospheric pressure fluctuations
- No recorder / pen / alarm clock required
- Data storage / readout as CSV-files, easily transferable to XLS-format
- Data readout either on USB-stick (front) or directly via Ethernet
- Selectable German / English menu display
